INVESTOR NEWSLETTER

EVENTS • MEDIA • NEWS

The wait is over.

This month we are pleased to announce that we came to an agreement with Rio Tinto Exploration Canada Inc. (“RTEC”) and entered into a binding agreement with RTEC to transfer to Star Diamond all of RTEC’s 75% interest in the Fort à la Corne diamond project located in central Saskatchewan.

You can read the [full press release here](#) and hear what Ewan Mason and George Read had to say about the news below. The live event had a lively Q&A and we always encourage open communication with our investors. We value 1-to-1 conversations and encourage you to respond directly to this email with any questions you might have, and we will get back to you as soon as we can.

Thanks again to Amy P from Saskatchewan for her winning submission which is now the name of our proudly conflict-free ethically sourced diamond line: Kīwētin

Please remember the following nomenclature when referring to Star Diamond Corporation and our work in Saskatchewan. The kimberlites within our mineral dispositions (claims) are collectively known as the Fort à la Corne Kimberlites, our evaluation project is the Star – Orion South Diamond Project and our diamond brand
